Re: Ex Parte Letter – WC Docket 09-197, 11-42 – Millennium 2000 Inc.

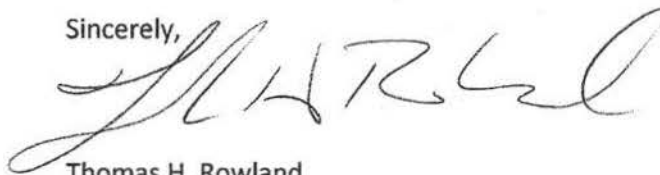

Dear Ms. Dortch:

In response to a conversation with the Federal Communications Commission ("FCC") Staff, Millennium 2000, Inc. ("Millennium 2000") hereby submits this correction for the record relative to certain references in its Amended Compliance Plan that was approved by the FCC in 2012.¹ This letter is to clarify two points made in Millennium 2000's December 18, 2012 Amended Compliance Plan filing. On page 23 of the Amended Compliance Plan, the Company incorrectly stated that it had offered CMRS services in Illinois since 2010. Millennium 2000 was certified to offer wireline in June 2007 and it has offered both traditional wireline and ETC wireline services in Illinois since 2009. While the Company was certified to offer CMRS in 2010, the Company's CMRS service commenced in 2011.

Separately, in a reference on Page 15 of the Amended Compliance Plan regarding service offerings in Wisconsin, Millennium 2000 indicated it was "providing service" as of December 2012. On further reflection, it would have been more accurate to state that the Company was "offering service" at that time.

We hope this clarifies the Company's filings in this matter. Please contact me should you have any questions.

Sincerely,

Thomas H. Rowland
